

PROPHECY

Presenter: Mrs. Lana Praner with The Lords, September 2021

Here. Now we can slowly, in Our time, of Our awareness, Our existence begin as well. But first, sincere and warm greeting to all of those who I could call Ours, all of those who are traversing to Us, to Our world, to Our heart.

Welcome all of those who entered into the world of stillness. Welcome all of those who entered the world of awakening. Welcome all of those who entered into the world of life and pre-past resurrection. Welcome all of those who used to be and you aren't any more. Welcome all of those who came into disintegration. Welcome all of those who reached a level of enlightenment, awareness, wisdom, awakening and eternal resurrection.

Welcome all of the Immortals. Welcome all of those who are mortal. Welcome all the Beings of disintegration. Welcome all the captives of resurrection, worshipping, crossing and perhaps withdrawing.

Welcome all of those who are alive and movable, who are present in this time – maybe through screens, maybe listening in front of appliance of your modern, posh technology.

Thanks, above all to Our Lanyushka physical Praner or Pruner's Lords, as we honourably name her, because Pruner's Lords is a nomination or a primordial resurrection of a soul or a traveller who was so called as a family. A primordial Pruner's Lords, who is today in a final phase of endings of which We will speak as the most spectacular revelation that will be given to you today.

Heartfelt thank you especially to Lanyushka who today opened this path again to return again to Immortal Body about which We have talked a little bit and of which we may also talk later.

Thanks to all of Those who were offering today. Especially to My son Jerzus or Jesus who is the most deserving that Lanyushka, decayed a way of connection to Immortal resurrection or Life as well.

All that comes after Her, before Her, under Her, above Her is not that important in this moment anymore. Especially because this Lass who most discovered and unveiled a Sky of Foreign Resurrection, Foreign Life, about which today, here and there, perhaps someone speaks up. But they know nothing, all of those who pass her by, passed the opening of life and eternal resurrection.

Today an honour belongs to Me. Especially what belongs to Me is the Love for all of you. A theme which I want to reveal to you I picked by myself.

And some call Me, you call Me just Father. Father of Life. Father of Resurrection. That fierce spirit which always pushes you forward. That fierce spirit which always pushes you into thinking, in transformation.

Some of you say I bring you to your knees, because I make you angry! Just because I revile the Truth and opening.

Many did, many of you did and perhaps you still may, through hearing Our Words, get mad, because I am always the One who shakes you and shakes you up. I am the One that will shake you and will be shaking you but just because I respect you, because I appreciate each cell of life, because I appreciate each cell of awakening, because I appreciate Life. Much more than you will EVER appreciate it or have ever appreciated!

I am That Tailor who knows, because I walk, I live, I don't lignify! Because I am Immortal. Because I will stay Immortal and will be someone who will soon have a Love of His Journey.

A Goddess who will rule the World, will rule with GRACEFULNESS, with sympathy, difference, perfection because she is who she is.

Life will get more interesting for Us. But Life which We are going to have, We who We are what We are. A word of who We are speaks about not pretending, not acting, to maybe not getting mad at others, who are who they are. Even though, many times you get mad because of all of that which is false!

So this is the last stage in which the Goddess is shaping and building up. Acceptance that it is the way it is, and consequently the estrangement of those who don't want to be who they are because they aren't even ready to stand up let alone assemble.

Today's topic is extraordinary! I have been waiting for it again for millennia.

The last time I have spoken about it was before the flood of Atlantis. Back then I spoke to them, today I will speak to you! To you, who you are what you are – lost, regressed, forgotten and fallacious.

A majority of all of you who are listening, who are willing to listen, who maybe stop and try to listen, perhaps try to understand, perhaps try to accept, hug, touch, perhaps allow a memory to pass through you, which is alive again.

PROPHECIES ARE HOLY AND ALIVE, ARE A MEMORY

Prophecies – holy, clever, playful. The strongest prophecies. Prophecies, when the last sentence ends, a turn happens.

A holy prophecy says:

“WHEN GOD DESCENDS AMONG YOU, WHEN GOD GIVES HIMSELF FOR YOU, WHEN GOD DESCENDS FOR ALL OF YOU TO HER, TO SOMEONE, WHO WILL BECOME A HOLY, A DISCOVERY, A REVELATION, WHERE THE BEGINNING AND AN END COME TOGETHER. THAT IS WHEN THE WORLD OPENS AGAIN AND THE GAME IS OVER. OVER FOR DEPUTIES. A FINAL GAME WHICH CHECKMATES. A FINAL GAME WHICH FINISHES THE GAME OF CHESS. FINAL GAME THAT PUTS EVERYTHING INTO A TURN, WHICH STANDS BY THE TRUTH'S SIDE IN EVERYTHING AND ALL! “

Prophecies are holy and alive. But this is nothing but a memory. Everything in cosmic existence is a memory. Memory is energy. Energy is alive. Energy that can unite, connect, merge. Everything is just a game. Everything is just a memory.

Prophecies are holy and alive because this is a memory. Remember that and keep that in mind!

Prophecies are pure because it is a memory. You comprehend? Understand?

Prophecies are a memory!

Remember!

Memory is energies. Energy is alive and moving. It is the moment of convergence, where a moment once happened, where a recording happened, where a memory happened once. That is an energy. That is a memory.

A memory is a big mass of big energy that kneads and moves. Everything swirls, dances and transforms. All of that is memory. Memory that swirls and thickens because it transforms and burdens.

CRYSTAL ENERGY IS AN IMMORTAL ENERGY

Once it crystallises and transforms into a memory of love, respect, appreciation, unapproachability and at the same time approachability where heart touches, where love is at home, that is when a sparkle awakens, a sparkle wakes up, a sparkle flare up. A colour changes. It descends into a crystal.

There is a chamber in the making. Crystal shines and glows, rises and separates from the weight. That is how the energy of the crystal is created and has been and will be created for a short amount of time.

Crystal energy is an immortal energy.

Crystal energy is a chamber or unity of memories, moments, pieces, details, everything of where the energy of love, emotions, sincerity, connectedness, devotion, **humbleness**, gratefulness, sincerity, listening and submissiveness was flared up. But not submissive in a way to follow the system but that **each individual submits to each individual moment of Honour, God and Source.**

Source is Love. Therefore, Source is crystal.

That is why this Energy crackles in such a strong light that it blinds you and at the same time doesn't blind you, it puts you in your place and calms you down. On the other hand, it clears you up.

ENERGY THAT IS LOVE IS ATTRACTING LOVE; THE LINE BETWEEN SEDIMENTS AND LIGHT

Energy that is Love, attracts love.

Love is everything that it is yearned for and is released into devotion. Love is a bond of grace and warmth. Love doesn't have, even one bit, of envy, evil or enviousness. Love has, inside itself, understanding and RELEASING. But at the same time, allowing for change.

That is why each moment that happened oriented like this, has connected to a field that crackles.

And each individual has a dark field in this holy space where his chamber is. But field is a field of God, Source of all mighty.

That is how the world is in the making, the world was in the making or a space of most beautiful memories of everything that an individual has lived through one or another, or hundred, thousand lives – from inhale and all the way to exhale, separating moments and let them go on unconscious level.

These moments can't be kept, so you loose memory as well, because it is constantly divided and formed as a magnet of Light and Glow that is Above. As a holy space in which Love is or is wrapped in Love.

But on the other end there is space where you deal with moments daily.

These are milliseconds of glitter, not milliseconds of a second as you know them but these are moments of glitter where memory or a moment is, when you think how to follow yourself, do you stand for yourself or you don't stand for yourself, either you make a bitter word to someone or do you slap him with a word for bad and not for good.

You can play with words once you stand behind them, under them, behind them, before them or next to them – however you turn, it is right.

When you support an energy with emotions, honesty, with common goal, with focus or just with your own goal, an energy of a word, thoughts and emotions merges, swirls in different directions or in one direction, or in different flows and directions. But it merges only for a moment.

And that is when some kind of a separation between sediments and light is made.

And sediment is that which is heavy. Is that which is thick. Is that which is burdened.

All of that is a sediment of a physical world. And from that a skeleton is in the making. **That is an energy that is the basis for skeleton. That is an energy that is the basis for the flash of the flash of this world, the decaying world.**

EACH SOUL NEEDS MORE THAN 2.000 YEARS TO SET AGAIN AND DISASSEMBLE

I am overjoyed that We have once agreed for you to become enlightened, that you will dissolve, that you will let yourself out of everything. Why? So that you can look into the eye by the shares, by the pieces, by the details, when life ends, you look into yourself in your record, in your depth, in your heart.

And that is how the cycle of everything and for everyone spun.

And many thousands of years which a line from the resurrection of Christ is – take a look back, when it all started! Think! The resurrection of Christ and on today's day – how much time do you need to transform everything. That's how much is the line in which you simply enter and step to in separation or letting go or releasing.

Each soul needs more than 2.000 years, your earthly years to set up and disassemble. That is an allowed mass of time in which a soul has the right to represent itself.

When this time passes by, I won't say to which exact date, because many of you would get afraid, ashamed, disgusted of what he did the way he did and to not cause restlessness, we will keep days, weeks, years, decades, centuries in some kind of a layer of a small non-disclosure. We don't want to cause and fear or restlessness.

But if you will look into timelines, you will see that certain periods are repeating periodically in the same sequence: flood – resurrection, flood – resurrection, flood – resurrection. That means that you are moving into a closing cycle, where, watch it, A PROPHECY ENDS. A prophecy descends into an open cycle.

A PROPHECY OF A HOLY LIFE OR RESSURECTION IS JUST A RE-EXAMANITION

A prophecy of a holy life or holy resurrection is nothing else as re-examination, as you know, what they give it you as a share.

Therefore, sediments are memories that you need to become CONSCIOUS of, they need to be transformed, set, to descend into them, to dip into them from, somehow scratch.

That is to say an energy has to crackle. Then it means that restlessness has ignited. Then it means an instinct has waken. Then it means something drives you. Then it means that you know that life ends somewhere.

Trough millions of years, through endless years of a timeline, it repeats, over and over again in the same cycle, in the same rebus in which the planetary constellation ends.

A planetary constellation is a space for change that is set in a certain time agreement and that is when it opens.

If you will go through old prophecies, you will see **when a human reaches a level of the highest earthly perception, when a human puts himself to a point of awareness in which, through or from which he can set up a bond of spiritual self, where he realises that what it is, where he realises of a bond with God and Source, where he realises that someone watches over him, then that is an inner connectedness with God.**

It is then that man grows spiritually or he comes spiritually in search of the point, that he is turning, turns or dive in himself, in his record, in perception and enlightenment.

OLD PROPHECIES ARE RE-EXAMINATION – EVERYTHING GOES BACK TO PRIMORDIAL!

Therefore, Prophecies are re-examination! Everything goes back to Primordial!

Therefore, when the first life on a planet of mortality has transformed into Immortality, everything that used to be is relived. So, nothing else but development in which an individual can drown himself or enlighten himself. Two layers. Two directions.

Prophecies have said back then:

“WHEN THE WEAKEST LINK BECOMES THE WISEST LINK, A PROPHECY ENDS.”

That means, when the weakest link realises, understands and LIVES, it passes the word on, that is when it brightens and glows, that is when the enlightenment happens. Remember that and keep that in mind!

It was then when the primordial civilisation came to a realisation that it can multiply, love and appreciate.

I repeat:

That is when a primordial civilisation came to that, to comprehend and understand life!

But the original civilisation is thought to be a cycle which was set up to be overthrown.

Then, through history they attacked everyone that was linked to this primordial cycle. That is when they demolished planets that were in development. In the development of technology that a human nowadays doesn't know at all.

Many planets were destroyed in this background. Especially one of the leading planets or as a head of a traveller who was **the first one who let go by the weight of some kind of rocket attacks, light nuclear attacks that were caused by other and that is why a record was made.**

An explosion which demolished a load-bearing planet back then. I will stop here!

A load-bearing planet to which 26 planets were linked, that were linked in some kind of spiral and in symbolic state that you nowadays speak of as stars.

But primordial planet is not a Source planet, so you won't mix up.

A Source planet is a world out of which or on to which something was created, as life and it was collected from it and a new matrix was being created.

As Lanyushka wrote in her books. There was Source, there was Mind, there was Reason, there was Wholeness, Unity from which a Source gave God, a piece of everything, embody him and gave among nation. That is exactly where it counts as primordial.

Because a first planet on which, because of jealousy, because of desire for power, authority, for a hand, for a crone, for monarchy conception of Evil happened.

LANA'S BOOKS ARE A MATRIX OF WHOLENESS OF EVERYTHING – A WHOLE RECORD IS HIDDEN AS A CODE

Lanyushka wrote about this. **Read Her books, because this is just a matrix of wholeness of everything what is going to be happening or WHAT HAS BEEN HAPPENING and where is the final phase of wholeness of everything. A whole Truth, a whole Wholeness is hidden in a book Awakened, Destined – and let me see in which one as well?**

Simply a whole record is hidden as a code in two books. In a third one which she has set is that which is for a man himself.

All of you who are reading, who are setting up, who perhaps tease or outstand from this PRIMORDIAL, pay attention.

PROPHECY IS A WORD OF SOURCE, A WORD OF BEGINNING, A WORD THAT BECOMES THE FLESH OF THE FLESH OF THIS WORLD

Prophecies are what God said back then:

“I WANT TO HAVE A WIFE. I WANT TO HAVE A HOLY WIFE. AND HE PUT HER IN FRONT OF HUMANITY, AMONG HUMANITY, FOR HUMANITY.”

What was happening Above is happening Below. What used to happen is still happening through life, through journey, through resurrection.

But only One can be One and Only. A prophecy that might never end.

Therefore, prophecy is a word of Source, a Word of beginning, a Word that becomes the flesh of the flesh of this world. **Everything is located at the beginning and everything is set to the planet Earth in terms of worlds, times and spaces.**

Therefore a planet Earth is the last phase of transformation, that is why you have mortality, that is why you have disintegration, that is why you have the power of transformation and coming to senses, so you can, at the lowest point, change the record.

An old prophecy says:

“WHEN THE HOLY CHEST IS OPENED, BLOOD CHANGES INTO A THICK MIXTURE. THAT IS WHEN A HUMAN BECOMES EVIL.”

Pay attention to that!

WHEN BLOOD CHANGES INTO A THICK MIXTURE, A HUMAN BECOMES EVIL!

This is not the blood that was given primordially.

Listen to this!

Primordially there was a thick blood as a man wants to create it, with a special mixture that changes, thickens and makes clots inside people. An image of a matrix that wants to

be created it a hidden prophecy where a human rase can end. Where a human rase will end. Where a human rase becomes artificial. Where a human rase simply disappears.

When blood changes into a mass of evil, a human rase ends.

You aren't far from it! Your human blood is thickened by the help of the pricks that they put in your body. Blood is becoming thicker and thicker. That is your main prophecy!

At that time WHEN YOU WILL REACH 50 % OF A WORLD POPULATION, WHERE EVIL WILL BEGIN TO THICKEN AND NOT CRYSTALISE IN ANY WAY, BUT OVERFLOW AND HUNT A SOUL AND HEART, A CHANNEL IS OPENED WHERE THE SKY PRESSES TO THE BODY.

Pay attention!

WHEN THE SKY PRESSES TO THE BODY!

Listen very well!

An old prophecy says:

"WHEN A HUMAN HAS REACHED EVIL, SKY WILL PRESS TO THE BODY!"

Look at the sky! Do you notice that the sky is completely close to Earth, that the sky doesn't exist anymore? That it is just a colourful canvas of something that is pressing against the ground.

A further prophecy says:

"WHEN THE WATER BECOMES THICK AND DIRTY, WHEN THE WATER BECOMES POISON, WHEN THE WATER WILL SLOWLY DISAPEAR, A HORIZON WILL PRESS AGAINST THE GROUND."

A horizon will press against the ground!

If you take a good look, my dear ones, **horizon is not a line anymore, a straight line that bends at the end, but from a day to an hour to a minute, it bends as an egg and is pressing together with the sky against the structure of a human or everything earthly.**

That is why we have, in this part, a pre-preparation for preparation.

The sky will, in few days, not in few weeks, reach a point in which it will touch the breath of Earth.

If you have a good look, you will see that the sky is very, very close, as it would be touching your aura, my dear ones. Horizon bends. And don't laugh, all of those that haven't grasp with your eyes, to even see the horizon and see how the horizon of an Earth is bending.

At the end it will be a ring. And an Earth will become a sharp egg.

When an Earth and Sky will merge, a continent will open. When the Sky and Earth will merge, an Earth will fade away.

Take time and look at your horizon. Look at the horizon, that is bending – so visibly, from day to day. It is coming closer and closer to you, so you will soon smile with a bitter smile, because the Earth will open.

The membrane of time and space merged. Sky above you is no longer blue but coloured as a canvas and very close to you. Under them spacecrafts are seen.

And don't you laugh, because all of those who laugh you will be the ones laughing at yourself.

Observe the nature!

You will notice that the breath of nature doesn't reach the sky anymore but is pressing to the ground.

A prophecy says:

"WHEN THE TREE EXPIRES ITS BREATH, A MAN WILL STOP HIS STEP."

When the tree expires its breath, a man will stop his step.

A prophecy says:

"WHEN THE SUN DISASSEMBLES, MOON DISASSEMBLES."

Look at the Sun that disassembles. Your sun is the unit of many spacecrafts which disassemble.

If you haven't taken the time yet to see all of that, take it because this is the last thing that your eyes will see.

"WHEN THE SUN DISASSEMBLES, MOON DISASSEMBLES."

Watch the moon, because the Sun and the Moon are connected. As we would say east and west.

Everything will connect through symbols of a light laser. It will connect.

Sun disassembles because the Moon disassembles. Even the Moon is falling apart of drifts away. The Moon is a unit of spacecrafts as well!

If you look very closely you don't have either the Moon nor the Sun. Everything is artificial!

When the Moon disassembles, a whole is seen, a passage or a tube.

When a Moon's tube connects into a solar tube, two major membranes assemble, which connect into one crackling mass.

When the Sun and the Moon assemble or connect together, something opens – like a cosmic bang emitting a light laser upward.

That is when a prophecy says:

"THE SKY AND EARTH HIT THE GROUND."

Can you imagine?

The Sun, the Moon that connect as a beam. Before that they disassemble into spacecrafts and stay passages, passages through which We were passing as well.

So, they merge, as we would say, the Moon's tube into a Sun's tube, and that then from the top, because of this power, the Sky connects to the ground. So everything gets connected to this tube.

And that is when the main prophecy happens:

"BODY OPENS. AN EARTHLY BODY OPENS. AN EARTHLY ENERGY OPENS."

That is why observe the world around you.

That is when the blue of the sky will disappear nowhere. But you don't have it anymore because the blue of the sky is very low and is pressing against the ground. Because in the environment the sky is covered with foreign civilisations.

For all of those who like to laugh and laugh at others: **"YOUR EYE IS BEING BITTERLY HARSH, WHEN YOU REALISE YOUR BODY ISN'T MOVING MUCH. « That is what the prophecy says.**

That is when you will see, above yourself, only a foreign body. We've been preparing you for this for years!

All of those who lost the sense, those who don't turn to an instinct, with the last prick of a modern – how can I express myself, to do it correctly? **Modern technology that you put in the body, you are coming to a loss of connection with God, because the magnetic field of a robotised mass, that you are making with radiation that you have insert in your body and put in your body, radiates.**

And this modern radiation of a modern prick, of a modern poison, of a modern seeming disease where you became robots, body opens. Your souls stay in a robotised mass.

That is why the prophecy says:

"WHEN THE BODY STARTS GETTING DENSE, WHEN BLOOD BECOMES A BODY, WHEN BLOOD BECOMES A MIXTURE, A SOUL IMMERS INTO THIS MIXTURE."

A prophecy says:

"THEN IT WILL BECOME BITTER. THEN THE BODY WILL GROAN."

And all of those who are of pure thought, of pure spirit, will get invited, unknown, in this moment to you, where.

Therefore, everyone who will stand for themselves, you will get an opportunity and a chance of leaving – as well as Mays got it, as well as Atlanteans got it, as well as a foreign civilisation – even in the time of Egypt, also in the ancient Celts it was a turning point, where the civilisations disappeared who knows where.

ALIENATION was a finished story for all of those who once understood who they are and why they are.

All of those who are following the system, you are moving away from a Source God. Nothing bad for Us, but bad for you! Because you will stay captives of ossification of

everything, of robotised everything. They named you so dearly – Transhuman. **You became a human robot.**

A prophecy says:

“WHEN A MAN BECOMES A ROBOT, HE LOOSES HIS BREATH. LOOSES HIS SELF.”

God doesn't take him back, because he isn't of God anymore but he is a robotised mass of everything.

And so that is when that chamber is free of ALL OF YOU, from all the lower, from all the lowest and will be able to embody itself and immerse into different energy that will become immortal.

Keep on freeing your chamber, because WE don't give it away! We do not allow you, that you will, who decided, those who wish to follow the system, the robotised system and you support a robotised system and the end of life with a soul and heart, you have no reason of coming back.

And don't say it is to survive! Don't say that because you're lying! Because that is a big lie!

A prophecy says:

“WHEN A MAN TELLS A LIE, A HOLY SPIRIT CUTS HIM OFF AND WITHDRAWS FROM EVERYTHING!”

But that doesn't mean a God moves away but **a soul does, that is in the body and which, as an etheric body, also a part of graphene, is drawn to itself by the chipped mass, the liquid mixture.** Better for Us to not use expressions, so they won't as a human put us in an inferiority position and delete what is there to be listened to and heard. That is why I will put in a way that it's going to be good for each and everyone.

Remember that:

WHEN A MAN BECOMES A ROBOT, a spirit of a spirit, that is above from the Source, moves away from everyone. Why?

Because you have, in your body, let go of yourself, moved away and alienate.

A modern prick of robotised creation, to which you consciously follow and you push your children there, I can only give you a Blessing that you are where you are and you'll be where you're going to be. In the end you will catch yourself in a solar mass of that very something what will, as a crust, stay and remain.

And all of those who will, who want to, who have chosen this path, you will burn like the sun, as a light on that what it's going to be new there, for everyone, who will move and release oneself from Earth. **RELEASE FROM EARTH.**

A prophecy says:

“WHEN A MAN DECIDES FOR THAT, TO BE A ROBOT, AN EARTHLY SPIRIT OF EARTH WALKS AWAY.”

So, ALL OF THOSE WHO WANT TO REMAIN HUMANS OR LIFE OR CONNECTION WITH GOD, WILL BE ABLE TO LEAVE. THE OTHERS WILL STAY. That is what a Holy prophecy says!

Even in old astrology, even in old books, even in old stories the end is written. The end is always the beginning of something new.

WITH A NEW ID INFORMATION, WE AREN'T A HUMAN ANYMORE, BUT THE PROPERTY OF A COMPANY, PROJECT OR FACILITY.

Pay attention!

The end doesn't mean removal. Removal is what you choose!

Robotised mass isn't alone anymore. A robot is a unique mass of a system. And you are a new ID information.

You belong to the system and everything, everything you are, belongs to the company, belongs to the system that you have chosen. That is a worship of a demon. That is a worship of a Devil. That is a worship of death. That is a worship of a robot. That is worship of satanism.

And all you who yield, who want to yield, who yielded, you have chosen a new identity – to be a robot, to be a company, to be a project. You are an experimental rabbit, as you say, or an experimental female rabbit, who won't give birth anymore, but it won't even miscarry because she won't have that chance anymore!

If a robot won't decide to insert in a mass of a body something concretely.

Listen well!

With a new ID you aren't a human anymore but a property of a company, project and facility.

Everything you are, EVERYTHING YOU HAVE, everything you possess – very simple: all the real estates, all the money, everything you have in direction of materials, is not your possession anymore! It's not yours anymore but someone's who becomes your master! So let's call this a company. Let's call this a modern technology!

That is why don't cry and moan! You are moving away from the Creator yourself, from life, from your own power. Many will groan, because under the weight of the burden they will slip and move away.

A prophecy says:

“WHEN MAN BECOMES A ROBOT, HE LOSES HIS SOUL, HEART AND SPIRIT. LOSES LOVE. LOSES GOD.”

When you are in robotised mass, you don't have your heart anymore. You are just a program!

A prophecy says that then you lose a connection to God!

You hear? **CONNECTION TO GOD!** That is what is the hardest.

AN END CAN BE SEEN IN ASTROLOGY AS WELL

Even in astrology you will, many times, from many different angles, see the end. In astrology that is somehow closest to you, most familiar, you have twelve planets repeatedly, twelve signs. Why twelve signs, when one literally disappears?

Twelve signs are twelve planets, physical planets – what was collected, composed and merged.

Each, through astrology, carries a sign of a different zodiac. So a planet of one's own primordial or belonging. So, a set of something which is primordial. But that doesn't mean that this is you, who are alive. That is so unfair!

As you say, as a prophecy says:

“WHEN A HUMAN WANTS TO BECOME A SOUL, HE WILL SAY: “I AM WHAT I AM! BITTER BLOOD WILL FLOW THROUGH THE SHIP. BITTER BLOOD WILL RUN THROUGH BURDEN. A BITTER BLOOD WILL RUN DOWN HIS SHOULDERS.

Heads will be set as they used to be. And that is what is seen in a zodiac.

A thirteenth sign you don't carry with you. A thirteenth sign, the strongest sign, where is God, you don't carry in your body!

If a human would understand and comprehend, that a thirteenth sign or a thirteenth part, which you have not placed in any astrology, is that which is Above or in its opposite part, which is Below.

So, a thirteenth sign you are missing. A thirteenth sign is never formed.

New religion is teaching you:” God hides in a body. God is that which is a new body.”

A prophecy says:

“WHEN A MAN BECOMES A NEW BODY, HE BECOMES A THIRTEENTH BODY.”

Through thirteenth body that astrology didn't transmit, that the certain other branch didn't take with into a terrestrial structure, you will, as a man, place it into a thirteenth sign, as a God, under pretence that a robotised body will become a God, immortal body.

Remember that! **A prophecy says:**

“A MAN, WHO BECOMES A ROBOT, WILL NEVER BE AN IMMORTAL BODY.”

Why?

Because it is not primordial, because it is just a residue of something that used to be!

If you connect, in astrology, all the signs in one light mass, you get a thirteenth body, a thirteenth planet. A planet where sun shines on to this planet.

That is a deficit that you haven't bring into the body and you cannot take it from the body because you do not possess it. Because you cannot bring it with you, you can't carry it with

you because that is something higher. That is the key, what is the solution for everything and everyone!

But you come to the thirteenth sign only when the Sky opens, when the body opens, when an Earth opens up and from the central mass a new terrestrial body comes. When a crust of Earth unfolds, the thirteenth body comes above Heaven.

A prophecy says:

“THE THIRTEENTH SIGN IS IN THE BODY; IT IS IN THE TERRESTRIAL BODY.”

And what is the terrestrial body?

A body that carries another body.

And in this thirteenth body you would like to intervene but not one technology of your knowledge, that was gathered, collected or gained cannot come that close as the sign of the thirteenth body can, which is under you.

Do you remember a moment before that?

That which is Above, which is Below – Sky and Earth merge in one integrity.

A prophecy says:

“WHEN A THIRTEENTH BODY, WHEN A THIRTEENTH SKY, WHEN A THIRTEENTH ZODIAC SIGN IS PLACED ABOVE EVERYTHING AND ABOVE EVERYONE, A CRUST FOR THE BODY IS MOVED.”

A holy prophecy says: “A CRUST FOR THE BODY IS MOVED!”

If you have a look at the previous lectures, you will comprehend the prophecy - **just pieces of Earth that will preserve a natural structure of an earthly life, that will be preserved and will be able to keep it inside, on them, for themselves, a life of greenery, will be preserved and kept.**

All of that which will be ravaged, that which will be in the light glow of nuclear radiation glowed above you, under you, behind you, around you, in you, will never be placed in the right position! Never in deviation! Never in solution! Remember that and keep it mind!

A holy prophecy says:

“WHEN THE SKY TOUCHES THE BODY” – observe the sky, observe that what covered the sky! Observe pastel colours as a canvas that is pressing against the body. That is when the things will get rough! But only for those who will no longer have a holy body.

A human robot isn't holy body anymore!

A prophecy says: “THEN THE HOLY BODY WILL LEAVE. THEN THE HOLY BODY WILL REMOVE ITSELF. THEN IT WILL LEAVE GOD!”

The prophecy that you have hidden or infiltrated, obscured or disguised in astrology, see it as what is above as the Sun, beneath the karmic basis which is depth.

When the ancient past is covered, the Sun is revealed!

An ancient past of karma is Moon!

An ancient past of resolution of the future, and the past is Sun. Look for the solutions there. That is where the prophecy is hidden and covered.

As in astrology as in any other religion: **“WHEN THE HEAVEN’S KARMA OF THE MOON’S EVERYTHING POURS INTO THE LIGHT BODY, A NEW BODY OPENS.”** That is what the prophecy says!

I could say:

When your Moon will descend and bind with a solar energy, as I said at the beginning, that is when the prophecy begins and ends.

Pay attention!

“WHEN THE HEAVEN OF HEAVEN PUSHES ITSELF AGAINST THE EARTH’S GROUND, THE BREATH ENDS.” The prophecy says that the breath ends.

This means that life, each grass, everything you are, everything that breaths, ENDS. Exhales. That is when you will see the openness of the Earth above, openness of the Earth below.

If, in astrology or in any other science, religion, you are going to look, while reading, look in a way that sky or upper body covers the lower ancient past. Everything is a cycle. And in the same way, it renews and sets up.

When a civilisation reaches a developing phase of wanting to destroy itself, it destroys itself. It’s known from many periods. It repeats itself! Therefore, it’s nothing new!

And rebuses that you have, shake them, shake the numbers. Rebuses of an ending, that was announced, was purposely set differently. Move the numbers. Turn the numbers.

A year 12 was announced as an end. Tribe of the Maya announced the end. But I’ll be darned, when a hypocritical man changes the end over and over again.

Move the numbers. Set up a rebus and you get the right date of transition, end and beginning.

All of those who will play with numbers, you will understand when it’s the beginning and when it’s the end.

But a prophecy says:

“THE END IS ALWAYS THE BEGINNING OF SOMETHING NEW.”

When a human’s breath on Earth ends, a child enters in a new life.

A prophecy says:

“A HOLY CHILD IS RETURNING. AND A HOLY PEARL GIVES ITSELF AMONG US.”

I'm trying to read out of the holy essays, from Our Constellation language, to bring it close to Slovene language as much as I can. But it's not that simple, because your words are desecrated. But you are desecrated of the awareness.

Slovene language is a holy language which will be, in Our time, of Our space truly worshipped. And all the inhabitants are already learning it. Both, in a compact world as in a partially non-compact world. Why?

A prophecy says:

"WHEN AN ORIGINAL LANGUAGE IS GIVEN BACK TO ITSELF AND TO HIS HEART, THE MOST BEAUTIFUL SONG WILL BE SPILLED THROUGH THE SKY."

Do you understand?

Many say that Slovene man awakens and that a spark of a new happens! My dear ones, **SLOVENE MAN HARDLY AWAKENS, because he sleeps for so long!** A human's man, a Slovene's man, a human's man or a man of a Source **awakens only with a battle!**
As once before, what it was, a spirit of life awoke, when the rebellion just happened then.

A prophecy says:

"WHEN A MAN OF A SLOVENE SPIRIT SETS UP AND ASSEMBLE, THE SKY DISASSEMBLES."

The keys are in rebuses. Keys are in codes of everything.

That is why remember and keep that in mind!

Each has a special ball inside, special mass, special magnet, special planet, a thirteenth planet, in a smaller form, in a smaller layout.

But within it, emptiness happens. But it is the space and world to which the etheric world attaches, binds or is attached.

So when this planet of energetic mass is released from the life itself you are never born again.

A robot, a human robot is the one that is never born again. But even this mass doesn't flow in eternity! This mass is never born again, because in the pool of misery and evil, it falls asleep in eternity.

Prophecy says:

"WHEN MOUTHS DON'T OPEN ANYMORE, WHEN SOUL DOES NOT SPARK FROM BEHIND EYES ANYMORE, THE BODY BECOMES JUST A ROBOT. IT BECOMES A PROGRAM THAT WORKS AND IT DOESN'T SPARKLE ANYMORE. THIS IS THE END."

Pay attention!

In everything you are – well, I have made a truly big mess! You have to tug me by my sleeve next time because I am turning to My own channels!

However we set it up, you have to know that it's time, which is devoted to transformation, in your hands. In your spirit of worship just gaze, notice and cooperate. Because just like that you will see everything, you will understand everything, you will set up everything and disassemble everything.

Remember that and keep it mind!

Your life is in your hands.

A prophecy says:

"UNTIL A MAN IS PURE OF EVERYTHING, HE WILL BE ABLE TO BREATHE AND LIVE. WHEN A HUMAN FORGETS AND BECOMES A ROBOT, IT IS OVER AND THERE IS NO NEW BEGINNING!"

I conclude by saying:

A man – be a man! Be a soul and heart!

Because everything that is Above is Below as well, it is inside and around you. And you are everything and at the same time nothing of nothing. You are what you are, and at the same time nothing of what you are.

The light of Love is hidden in you. The Light of Love is unfolding for you.

For this time, I will finish. I will only tell you this:

ONLY LOVE BRINGS TOGETHER ALL PEOPLE. LOVE SETS UP ALL PEOPLE AND REMOVES BAD ONES. Remember that and keep that in mind!

I wish you all the best and warm, loving greetings.
